---

## COVID-19 Protocol for Hunting

- If you are sick in any way or just feeling run-down, please stay home.
- When you arrive at the Meet, please wear your mask when not mounted.
- Please do not congregate around the Staff Trailer.
- Do not enter the Staff Trailer for any reason.
- Please maintain a respectful social distance at all times
- **RADIOS:**
  - Regular Field Masters will be assigned a radio and charger. They will use this one all season.
  - Part-time Field Masters will be given radios which have been cleaned and are in plastic bags.
  - When returning the radios, there will be a designated staging area (probably on the tailgate of the hunt truck) that will be used for cleaning your radio and putting it in a clean baggie.
  - The Field Masters will be given the Huntsman's game plan during the Gather Round announcements in lieu of going to the hunt trailer.
- Be safe and responsible. We want to protect our staff, volunteers and members.
- Masks are not required when hunting. However, if you have the desire to wear one, please do.
